Car Show, Family Fun Planned For Oct. 5th. & 6th. At Maryhill

Celebrate Sam Hill's love of roads Oct. 7 and 8 during Car is King Weekend, a free two-day event featuring a classic car show, an open drive on the historic Maryhill Loops Road and a timed hill climb with vintage sports cars.

All activities are free on the grounds of Maryhill Museum of Art and at the historic Maryhill Loops Road.

SCHEDULE OF EVENTS:

Saturday, Oct. 7

Concours de Maryhill,
9 a.m. to 4 p.m.

Classic car show; anyone can enter. The day concludes with an awards presentation. Organized by Goldendale Motorsports Association. Free on museum grounds for spectators.

A special feature of this year's car show and the hill climb race is the Corvette. The Corvette, both a symbol of America's wanderlust and a sports car, turns 50 this fall. Vintage Race Car Display, noon to 2 p.m.

Members of the Maryhill Loops Vintage Hillclimb Association will have a range of vintage race cars on site.

Drive the Maryhill Loops Road, noon to 2 p.m.

Take a spin past the beautiful scenery and through the historic road's eight hairpin curves. FREE on the

historic Maryhill Loops Road, located just east of US 97 off State Route 14.

From 1 to 4 p.m., children can participate in making and racing cars fabricated from fruit and vegetables. Awards will be given to the winner and for best design and construction.

Film Screening: King of Roads, 2 p.m.

King of Roads explores the rich cultural, political and economic forces that prompted the creation and restoration of the historic Columbia River Highway. The film traces the story of the highway from its very beginnings with a gang of dreamers lead by Sam Hill and road engineer Sam Lancaster – two men who lived large lives, and built and spoke poetically – and through the eyes of artists, historians and Gorge residents past and present. The film is directed and produced by Michael Friend and John Hardham, who will be on hand to introduce the film, answer questions and sign the accompanying coffee-table book.

A barbecue dinner and award ceremony will be held on the Museum's picnic grounds at 4 p.m.

Sunday, Oct. 8

Maryhill Loops Hill Climb, 9 a.m. to 5 p.m.

Vintage sports cars from the 1930s to 1960s race singly in a three-mile timed climb up the historic Maryhill Loops Road. FREE for spectators viewing the race from the Highway 97 Overlook and from designated viewpoints along the route.

Constructed in 1913 by legendary road and car enthusiast Sam Hill, founder of Maryhill Museum, the road winds up a rural canyon south of Goldendale, just to the east of the juncture of SR 97 and SR 14.

In timed runs, the race cars will singly traverse the 2.8 mile course of 25 corners, eight of which are hairpin turns. Spectator viewing areas will be located along and overlooking the course.

Admission is \$5, parking is free.

Organized by the Maryhill Loops Vintage Hill Climb Association; only their approved cars and drivers will be competing. This program is assisted by members of the Tri-Cities Strictly British Motor Club; Yakima Valley Sports Car Club and Society of Vintage Racing Enthusiasts.

Car is King Weekend is sponsored by the Goldendale Motor Sports Association, Maryhill Loops Vintage Hill Climb Association, Maryhill Museum of Art, Tri-Cities Strictly British Motor Club, and Yakima Valley Sports Car Club.

Book Report

By Judy Bane

"The Force" By Stephen King

Think **The Godfather**, only with cops. It's that good."

The acclaimed, award-winning, bestselling author of **The Cartel** - voted one of the Best Books of the Year by more than sixty publications, including the **New York Times** - makes his William Morrow debut with a cinematic epic as explosive, powerful, and unforgettable as **Mystic River** and **The Wire**.

Our ends know our beginnings, but the reverse isn't true . . .

All Denny Malone wants is to be a good cop.

He is "the King of Manhattan North," a, highly decorated NYPD detective sergeant and the real leader of "Da Force." Malone and his crew are the smartest, the toughest, the quickest, the bravest, and the baddest, an elite special unit given unrestricted authority to wage war on gangs, drugs and guns. Every day and every night for the eighteen years he's spent on the Job, Malone has served on the front lines, witnessing the hurt, the dead, the victims, the perps. He's done whatever it takes to serve and protect in a city built by ambition and corruption, where no one is clean - including Malone himself.

What only a few know is that Denny Malone is dirty: he and his partners have stolen millions of dollars in drugs and cash in the wake of the biggest heroin bust in the city's history. Now Malone is caught in a trap and being squeezed by the Feds, and he must walk the thin line between betraying his brothers and partners, the Job, his family, and the woman he loves, trying to survive, body and soul, while the city teeters on the brink of a racial conflagration that could destroy them all.

Based on years of research inside the NYPD, this is the great cop novel of our time and a book only Don Winslow could write: a haunting and heartbreaking story of greed and violence, inequality and race, crime and injustice, retribution and redemption that reveals the seemingly insurmountable tensions between the police and the diverse citizens they serve. A searing portrait of a city and a courageous, heroic, and deeply flawed man who stands at the edge of its abyss, **The Force** is a masterpiece of urban

living full of shocking and surprising twists, leavened by flashes of dark humor, a morally complex and utterly riveting dissection of modern American society and the controversial issues confronting and dividing us today.

Columbia Gorge Fiber Festival 7th Annual

October 27, 2017 - October 29, 2017

<http://columbiagorgefiberfestival.com/about/>

The Columbia Gorge Fiber Festival has found a reputation as the Gorge's premier fiber event. The CGFF is produced by Sarah Keller, owner of Hood River's LYS [Knot Another Hat](#), and is held annually in the Columbia River Gorge. The festival is proud to offer world class fiber arts education and a small but exclusive vendor marketplace Fort Dalles Readiness Center 402 East Scenic Dr. The Dalles

Community Council Corner

By P.J. Sisseck &
Kim McCartney

Council Report for Sept. 14, 2017

The Council voted to send \$100 to the "Invest Ed account" for Lyle School District. The funds are used to provide backpacks, clothing items, or school supplies to students in need.

In order to raise more funds for this and other worthy causes, the Council is planning some fund-raising activities. Coming up on 29 October, during the Halloween Bash, there will be a Raffle. Donations of exciting items are solicited!

The Halloween Bash is planned for **2-4 PM, Sunday 29 October**, at the Community Center. Can you do instant photos (fund-raiser idea!)? Are you a resourceful decorator? If you can plan/supervise games for kids of all ages, or provide seasonal music and dance instruction, or donate decorations, please contact Pj Sisseck at 509-767-0044.

Jack and Elaine Kinchloe, long-time members of the Community Council, are moving along soon. Interested in being on the Council? Contact Kim McCarthy or Anthony Rizzi, our nominating committee. Appointments will be made to fill the unexpired terms, then the persons will stand for election during November.

Thursday, 12 October, at the Community Center, 7 PM: County Commissioner Dave Sauter has agreed to be at our meeting. If you have issues you would like to see discussed, please contact a council member. We would like to have an orderly list, so all concerns can be addressed.

2017 Council Ice Cream Sales

The Community Council ice cream sales were a success! We raised enough money to provide for our upcoming year's operating funds. I would like to thank all the people who helped make this activity work. We sold ice cream at the Airport Fly In, the Show in the Shade, and the Drag Races. It takes a lot of work for set up and selling ice cream. Thank you to Ron Sisseck and Bill Clark for helping to set up and take down the ice cream trailer; to Becky Woods and her daughter Allana, Lynn Kadlec, Elaine Kincheloe, Mary Ann Pauline, and Cathy McCartney for scooping ice cream; and to PJ Sisseck and Jack Kincheloe for helping with collecting money.

Upcoming elections

Each year, 3 positions on the 9-person community council are up for election. This year Don McDermott, Anthony Rizzi, and Kim McCartney have their terms expiring. All have expressed an interest in running for re-election. The elections are held prior to the November Council meeting. An intent to run must be submitted to the Council on or before the October meeting. Write-ins -are accepted on Election Day. Eligibility for the council include being a resident, real estate leaseholder and/or property owner living in the Dallesport/Murdock community for at least 6 months and be a registered voter in good standing in the community. If you are interested, look for the notice and form in the post office or contact Kim McCartney at kmccartney@charter.net or 509-594-6195 to register your desire to be on the council.

Please join us for the next Council meeting on **October 12th. 7pm** at the Dallesport Community Center.

Our speaker for October will be Klickitat County Commissioner Dave Sauter. He will be discussing the proposed low income housing development planned for Dallesport.

Monthly meetings are held on the 2nd Wednesday of every month at 6:00pm at the Dallesport Community Center.

Klickitat County Sheriff's Office

On September 8, 2017 at about 12:35 PM the Klickitat County Sheriff's Office was notified of a possible death in the 200 block of 6th Avenue in Dallesport. The possible death was called in as a suspected overdose.

Upon arrival, it was determined the subject later identified as Scott McLeod, 47, of Dallesport was deceased. There was evidence of drug use.

A search warrant was executed and Heroin and Methamphetamine was located in the residence. There was also drug paraphernalia located in the residence.

After the search warrant Kimberly Beck, 45, of Dallesport was arrested for Possession of a Controlled Substance Heroin. Beck admitted to buying Heroin the prior night.

The case is still under investigation for Controlled Substance Homicide which is a class B felony in the State of Washington.

Neighborhood Watch Meeting for Dallesport at the Dallesport Church of Christ October 19th. at 7 pm. Anthony Rizzi will be there to facilitate the meeting. Hope to see all concerned neighbors that want to make Dallesport safer.

Show the Gorge Some Love" in October

– Eighteen Columbia River Gorge communities invite people to give and receive Gorge Love during a month long campaign –

With the fire now under control and Interstate 84 reopened in both directions, hard-hit Oregon and Washington Gorge communities are inviting people to "Show the Gorge Some Love" in October by visiting and expressing their appreciation for one of America's greatest treasures. Visitors and residents alike are encouraged to go for a hike at the eastern end or northern side of the Gorge, attend a harvest or Halloween festival, tour the [Hood River County Fruit Loop](#), and help the area's economies recover by spending a couple of nights and supporting local businesses (shop, dine, wine, see art and history, and more). The [Gorge Community Foundation](#) has compiled a list of organizations where individuals can make donations to Gorge-based organizations that will be working on restoration and relief efforts.

Skyline Reveals Renovation Plans

Big changes will be coming to Skyline Hospital next fall, thanks in part to a successful refinancing agreement that allowed the hospital to secure \$5 million in non-tax-related funds to renovate and expand the hospital.

Beginning in fall 2018, Skyline Hospital will be expanding its emergency department, reconfiguring the lobby/registration area, and upgrading the HVAC and boiler systems. The renovations will ideally be finished in spring 2019. The estimated total cost of the projects is \$7 million; the remaining \$2 million is being raised and donated by the Skyline Foundation through its capital fundraising campaign "Expanding on Excellence," which began in July. As of Aug. 31, the Skyline Foundation had raised \$50,000.

"As the community we serve grows we need to grow with it. This renovation will not only improve patient care, but work flow and efficiency throughout the hospital," Robb Kimmes, Skyline's CEO, explained at a Mt. Adams Chamber of Commerce-sponsored after-hours event at Skyline on Aug. 31.

In addition, Kimmes announced plans for the buildings that will be vacated by NorthShore Medical Group.

"We will be moving our non-clinical care departments into those buildings, as well as providing off-ices for our new primary care providers during the renovation," said Kimmes. Kimmes further explained some of the specifics of the renovation for the emergency department.

"In addition to a focus on efficiency and workflow, we wanted our emergency service to have a little more privacy for patients, so in the design process, we are going to add more patient care rooms with updated facilities. We are also going to make room for a fixed MRI facility," he said.

Megan Dixon, an associate with consultants Westby Associates, conducted a feasibility survey for Skyline, which contributed to the Hospital Board's decision to proceed with the expansion.

"I conducted a feasibility study of 40 contacts which included individuals, businesses, elected officials, and foundations. The 40 was from an initial list of 125. I presented them general information about the Foundation and the Hospital, as well as the full vision and master facility plan," said Dixon.

"The full plan had three priorities, one of which was the expanded emergency department. Interviewees answered a list of questions that gauged their understanding of Skyline, their approval or interest in the full scope of upgrades needed, and then measured their willingness to contribute a gift if the project was to move forward."

After Dixon conducted this study and received 80% approval from those interviewed, the hospital's leadership determined that the project could move forward, but only the emergency room expansion would be completed at this time.

When asked how this renovation/expansion will impact services at Skyline, Elizabeth Vaivoda, the foundation's marketing director, said they don't anticipate it will have too much of an impact on the day-to-day operations.

Peck appointed to Planning Commission

The [County Commissioners](#) of [Klickitat County](#) have appointed Dana Peck to Position No. 2, District 2, on the Planning Commission—replacing Jim Dean—to an unexpired four-year term starting January 2018, on the recommendation of the planning commission.

The planning commission is an advisory board for the [Klickitat County](#) Planning Department and reviews all applications and proposals by developers who want to build in [Klickitat County](#).

Using a comprehensive plan adopted by the county, the planning commission gathers information on new proposed building projects to determine if the new construction will have environmental or cultural impact on the community.

"The planning commission looks at a project, see what it effects, and determines if it complies with the comprehensive plan, or if adjustments need to be made," Peck said. "We try to maintain the historical character of the county as much as we can."

The planning commission assists in the preparation and execution of the comprehensive plan and makes recommendations to the county on whether construction projects should move forward.

Based on the information the planning commission presents to the county, commissioners vote to determine if a project can start construction.

"It is neat to get a sense of everything that is going on in the county, business wise," Peck said. "We anticipate changes and see if proposals are a good fit for the community."

Peck says public testimony on new proposed construction in the county is always important and wants the public to feel they have a role in shaping the future.

"We try to steer development in the right direction," Peck said. "And public testimony can really help when taking new development into account."

The planning commission plays an advisory role only, and any final determination of construction projects rests with the Board of Commissioners.

County Third Is State In Fastest Income Growth

By Lou Marzeles

Klickitat County has the third fastest-growing income in Washington State, ranking 214th among counties in the country, according to a report issued by Smart Asset, a company specializing in financial data analysis.

Under the heading "Most Paycheck Friendly Places," SmartAsset lists Klickitat County as having an average semi-monthly paycheck of \$1,687. Its purchasing power is 1.55 times that figure, arrived at by dividing household income by the local cost of living. The unemployment rate in the county is shown as 7.2 percent, while its income growth is indicated at 4.3 percent. The county shows a growth index rate of 62.04 percent.

The entire report is viewable at <https://smartasset.com/taxes/paycheck-calculator#washington/income>.

Klindt's Booksellers & Stationers Hosts Northwest Author Festival

October 21st, 2017 2PM– 5PM

Oregon's oldest bookstore is excited to host the Northwest Author Festival on Saturday, October 21st, 2017, from 2-5PM. This annual celebration features authors who live and write here in the Pacific Northwest.

The store will be a buzz with thirteen visiting authors, each with a new title to celebrate. Gathered at Klindt's Books on this one day, authors will be located throughout the store where readers will have a chance to visit with them, have books personally signed, discuss their writing process, and answer any questions.

LYLE SCHOOL DISTRICT #406

For the latest information on Lyle School District, visit the website for the school district.

<http://www.lyleschools.org>

Student Achievement Reflects District Transformation

According to the recently released results of last spring's Washington state assessments, Lyle School students continue to make gains and, in some categories, are exceeding the state average on these challenging assessments.

"We know what it takes to create a high-performing district," Kelly explains. "When there is a healthy adult culture that believes in the potential of the students, and educators are working together using proven strategies and structures, student achievement will soar. This is true regardless of the school's location or what its demographics are."

Perhaps the most encouraging results were produced by Lyle's fifth through seventh-grade classes in English language arts and math, third grade students in math and fifth-grade students in science.

These improvements are the cumulative result of work taking place at the school from the very earliest grade levels. The addition of pre-Kindergarten at Lyle School will further develop the foundational skills and knowledge among our youngest students that teachers at subsequent grade levels can build on, Kelly notes.

"On behalf of the Board of Directors, I'd like to extend our appreciation to staff for their contributions in supporting and enriching the education of our students," Tria Bullard, Lyle's Board of Education President, says. "We are thrilled with the progress that we continue to make as a district. As the mother of three students in Lyle, I am excited about the growth in student achievement and the possibilities that the future hold."

Highlights from the spring, 2017, testing include:

Math	2016	2017
Third graders showing proficiency	36.3 percent	64.2 percent+
Fifth graders showing proficiency	35 percent	43.7 percent
Sixth graders showing proficiency	17.6 percent	36.8 percent
Seventh graders showing proficiency	14.2 percent	33.3 percent
English Language Arts	2016	2017
Fifth graders showing proficiency	40 percent	62.5 percent+
Sixth graders showing proficiency	23.5 percent	36.8 percent
Seventh graders showing proficiency	21.4 percent	33 percent
Science	2016	2017
Fifth graders showing proficiency	45 percent	62.5 percent

+ indicates scores above the state average

More work to do

At the high school level, Lyle's scores declined overall, although there were a few bright spots. It's not unusual for test scores to fluctuate, but overall growth over time is important. With additional options available to high school students in Lyle – access to Running Start classes, advanced placement courses, and career and technical education options, along with exposure to post-secondary educational opportunities – Kelly anticipates secondary scores to ultimately reflect the higher level of rigor and achievement.

Grad rate is good news

Smarter Balanced testing was first administered in 2015 and quickly was recognized to be harder than either of its predecessors, the WASL or the HSPE/MSP. Despite the high bar posed by new state tests and graduation requirements, Lyle's four-year graduation rate was 89.5 percent in 2017, compared to the state average of 79.1 percent. This was the highest graduation rate at the school in seven years.
