WASA Presents Superintendent Kelly with Student Achievement Leadership Award

Lyle Community Schools Superintendent Andrew Kelly has received the 2018 Washington Association of School Administrators (WASA) Student Achievement Leadership Award for the Columbia River Region.

The award was presented during an awards ceremony in Vancouver, Washington, on Friday, May 18, 2018.

Community newsletter/newspaper column editors Marty Denis, Mildred Lykens and Renee Briggs received Community Leadership Awards for outstanding contributions to education during the same awards ceremony.

Mike Nerland, Educational Service District (ESD) 112 Teaching and Learning Assistant Superintendent, announced Superintendent Kelly's award, saying, "This award recognizes your leadership and support of innovative programming that has resulted in growth in student achievement."

The award is presented to active WASA members who have provided leadership for the implementation of an

innovation that has resulted in measurable growth in student achievement. Ideally, the innovation could serve as a tool for modeling new programs.

When Kelly joined the district in 2015, Lyle School District was among the lowest performing school districts in the state. Every school in the district was identified as a "priority" school for being among the state's lowest five percent in math and English Language Proficiency, in every grade tested.

Students in Lyle schools have made remarkable gains under Kelly's leadership, thanks to the efforts of Lyle staff who have implemented a program that values and believes that every child is a scholar.

As a result, every Lyle school has exited "priority" status and Dallesport Elementary has been recognized as a Washington School of Distinction for sustained improvement. The School of Distinction honor was presented to the top five percent of schools in the state when compared by rate of growth on state achievement tests over multiple years.

"Your impressive accomplishments as a leader within your district are a lasting legacy that will positively impact students for years to come," Nerland further said.

The school district nominated Marty Denis, Mildred Lykens and Renee Briggs for the Community Leadership Awards for their consistent efforts to share school district news in a community that has no dedicated news media. Mildred Lykens has carried on for the past 17 years, the time-honored tradition of local reporter/columnist, providing Lyle updates for the county's only two newspapers. For the past 12 years, Dallesport has had a print and online newsletter thanks to Renee Briggs, the editor of the *Dallesport News*. Finally, Marty Denis came on board in 2016 as the editor of Lyle's e-newsletter, *What's Happening in Lyle*.

Thanks to their hard work and skills, Lyle School District has excellent options for communicating with members of the community who don't follow the district's website or social media channels.

Book Report

By Judy Bane

"Artemis" by Andy Weir

The best-selling author of *The Martian* returns with an irresistible new near-future thriller - a heist story set on the moon.

Jazz Bashara is a criminal. Well, sort of. Life on Artemis, the first and only city on the moon, is tough if you're not a rich tourist or an eccentric billionaire. So smuggling in the occasional harmless bit of contraband barely counts, right? Not when you've got debts to pay and your job as a porter barely covers the rent.

Everything changes when Jazz sees the chance to commit the perfect crime, with a reward too lucrative to turn down. But pulling off the impossible is just the start of her problems, as she learns that she's stepped square into a conspiracy for control of Artemis itself - and that now her only chance at survival lies in a gambit even riskier than the first.

Bringing to life Weir's brash, whip-smart protagonist is actress Rosario Dawson (Marvel's *The Defenders*, *Sin City*, *Death Proof*). With the breathless immediacy of one realizing they're one cracked helmet visor away from oblivion, Dawson deftly captures Jazz's first-person perspective - all while delivering sarcastic Weir-ian one-liners and cracking wise in the face of death. And with a cast of diverse characters from all walks of life calling Artemis home, Dawson tonally somersaults to voice Kenyan prime ministers, Ukrainian scientists, and Saudi welders. It's a performance that transports listeners right alongside Jazz, matching her step for step on every lunar inch of her pulse-pounding journey.

Columbia Hills State Park: Petroglyphs, Ranching, History

The annual meeting of the Original Wasco County Courthouse Preservation, Inc. takes place Saturday, June 2, at 1:30 p.m. A brief business meeting will be followed by a presentation similar to the February history programs. The venue is the 1859 building at 410 W. 2nd Place, behind the Chamber of Commerce in The Dalles.

The topic of the June 2 program is "Columbia Hills State Park: Petroglyphs, Ranching, History." Lee Walker is an experienced trail guide at the Washington park across the Columbia River from The Dalles. He will take the audience on a virtual walk out to "She Who Watches" past a large array of pictographs and petroglyphs—some in place and others rescued from rising waters behind the dams and removed to the park.

Jim Day will present additional photos and a video of the park and the historic buildings of the Crawford Ranch. He is a technician at The Dalles Dam with a background in history and interpretation of biology. Some of his visuals were taken by a drone flying above the ranch at the height of wildflower season.

Also available at the presentation is a new brochure featuring maps of Crawford Ranch and the trail system under development around the ranch, plus a brief history and introduction to the wildflowers that draw many visitors to the park each spring. The brochure was made possible by Nature Friends Northwest

Community Council Corner

By Kim McCartney

Dallesport Murdock Community Council May 10, 2018 meeting report

Raymond Clough announced he was running for a Klickitat County Commission position. He explained how he wanted to make the Commission more responsive and fair to citizens in the county.

The Klickitat County Planning Department sent a Rezone Request to the Council regarding expansion of the lumber remanufacturing plant near the Transfer Station. By request from the Council, Don McDermott will review and make any comments he thinks are necessary.

The Council approved selling ice cream at several events this summer to support Council activities. The Council uses these funds to donate to the community and pay for Council needs such as printing. The ice cream sales make up the majority of the funds of the Council.

It was reported that the Maley Subdivision development is proceeding with larger lot sizes and other changes to the permit request. Construction may start this fall.

There is a rezone request to the County commissioners for the elementary school land to accommodate the Sagetech lease. Sagetech and the school are working on details of the lease. Sagetech is renovating the main and cafeteria buildings and hopes to move in the fall of 2018. (The rezone was approved on May 21, 2018).

The Council is trying to get speakers on County Code enforcement, senior services, and train safety. If anyone has suggestions on topics for the Council meeting, please contact Kim McCartney. The Council is looking for a person to be a liaison with the Water Department so if you are interested, please contact the Council.

Please join us for the next Council meeting on **June 14th. 7pm** at the Dallesport Community Center.

Robert Theodore DoByne

1938 - 2018

Robert Theodore DoByne was born to Theodore and Ida (Jones) DoByne in Oakland, California on August 27, 1938.

He passed away in The Dalles, Oregon on May 6, 2018 at the age of 79.

Robert often said, "God brought me to The Dalles to meet the love of my life." He married Sharon L. Sorensen on July 31, 1982 and the couple lived in The Dalles, Lyle and BZ Corner before settling in Dallesport, Washington. Mr. DoByne worked many years for the student transportation company A.R.A and was superintendent of the transportation department for Oregon School District 12 in The Dalles from 1981 – 1986. Robert traveled to Guam where he ran a parts business from 1986 – 1990. He was an avid photographer who turned his passion into a business when he opened Photo Reflections in Hood River and later Mirror Image with locations at The Dalles and Bingen. Robert retired in 2007 and he and Sharon became snowbirds in 2008, traveling to Sun City, Arizona for the winter months.

Besides photography, Mr. DoByne enjoyed fishing, hunting and cooking. He loved John Wayne, going grocery shopping and "cruising Costco." He was also a member of the Elks lodge.

Robert is survived by his wife Sharon DoByne of Dallesport; son and daughter-in-law Robert and Terry DoByne of North Carolina; stepdaughter Tanya Sorensen; stepson Troy Sorensen; grandchildren Megan, Braden and Raelyn; lots of in-laws and nieces and nephews.

A memorial service was held at the Lyle Lions community Center on May 12. Robert was laid to rest at Lyle Balch Cemetery.

Memorial contributions in honor of Robert may be given to Twin Bridges Museum in Lyle or to Home at Last animal shelter.

Triage Vol II, Issue V

We want to thank all the responders who come to your need and supply Emergency Medical Services. This might be a deputy driving across the county at 3 AM or a volunteer firefighter who leaves a birthday party on a Sunday afternoon, or one of our folks, who have just returned from their second back to back transfer to Portland at 1 in the morning. We are all in this together. It doesn't matter if you are an EMR, EMT, Paramedic or any other certification. We are here to serve you!

And we always look for other ways to serve you. I and two Washington State Patrol members (one trooper, one administrative person) recently took the three (3) day Child Passenger Safety Course. This class taught us how to recognize the correct car seat for the age of a child, federal and state laws (both Washington and Oregon) and how different seat belts work in different automobiles for seating positions. We are still working on how to get the word out and implement this in our county. In the meantime if you or someone you know needs to have a car seat checked, don't hesitate to call me

until we get our procedure worked out, (541-272-1958) we hope to get a few more techs in the county to better meet your needs.

We have also acquired 150 all sport helmets. Both hospitals will be doing the bulk of passing these out, as well as your local fire agencies and KCEMS District 1 personnel. Look for us at all the local summer time events. And speaking of summer, as I write this month's article, I see what is shaping up to be another beautiful Gorge sunset, and there is smoke in the air. While we are an EMS agency we are very close to our fire partners. It looks a MCFR in The Dalles has a field fire this afternoon and we want everyone to remind everyone not that you finally get to go outside, and do those projects you've been thinking about all winter, it's hot and getting dryer by the day. We know you are anxious to clean your yard debris and do those projects you've been waiting to do, please be mindful not only with fires but your health as well. There is a long summer before us and we want you to enjoy it.

I would be remiss in not keeping you up to speed with the happenings

of the board. First, we are still looking for a replacement board member from Voter District #3. This is the area of Goldendale and to the east. If you or someone you know is interested in serving, please have them contact me.

Secondly, we also convened a citizen group to discuss our financial situation. While we only had four public members attend, when it was all said and done we still had great dialog and those four citizens gave us lots of feedback and things to think about.

Their recommendation was twofold. First, to offer this presentation around the county over the next few months and secondly to move forward with a levy increase. Following May's board meeting, we will devote the majority of this article to our plan and lay out our case to you, our community members. *Dave*

Dave Lapof, Operations Manager for Klickitat County EMS District No.1, dlapof@kcems1.com or 541-272-1958 and encourages everyone to visit the Districts Facebook page at <https://www.facebook.com/KCEMSD1/>

Fire Cadet Program Provides Real-World Job Training

There is an unusual new opportunity available for Lyle Community School students interested in exploring a career in emergency medical services or firefighting. The Lyle Volunteer Fire Department has created a cadet program that will allow students who participate to earn Career and Technical Education (CTE) credits.

Firefighters spraying house fire The program provides a realistic introduction to fire and medical services careers, including wildland firefighting and rescue training. Hazardous materials training will be limited to classroom training and students will not participate

in some aspects of training, such as interior live fire extinguishment.

Students will do more than train; they'll also participate in field trips and social functions. Following training, cadet firefighters will have the opportunity to directly participate in wildland and structure firefighting, fire prevention, parades and special events.

After turning 18, cadets will be invited to apply to Lyle Fire and Rescue as a regular volunteer firefighter and finish their training to become state-certified as a NFPA Firefighter I. They can also enroll in the Emergency Medical Technician (EMT) program.

These skills can translate to part-time or full-time jobs in fire and emergency services.

In order to be part of the Cadet program, students must be at least 16 years old and maintain a GPA of 2.5 or higher throughout the program. They should also be physically active, energetic and willing to learn new skills; be able to pass a district-supplied physical and drug screen; and maintain a 75% attendance at department trainings, which occur twice a month on Thursday evenings, 7 - 9 p.m.

KLASAC

Dallesport PTO Meeting Tue, June 4th. 2:45pm - 3:45pm

Monthly on the first Tuesday

School Board meetings will be held @ 6pm on the fourth Tuesday June 26, 2018

Support your school and attend a meeting.

New Downtown Market

The Dalles Main Street is starting a downtown Market/Farmers Market!

Every Friday from June 1 to October 21. Washington Street between 1st and 2nd. Streets.

Cascade Singers

Saturday, June 2 at 7 p.m.

Monday, June 4 at 7 p.m.

Cascade Singers will present "Mostly Mozart" the first weekend in June. Featured works are Missa Brevis in F Major, Mozart's canons, and several instrumental works by Mozart performed by the choir, ensemble, youth choir, organ and chamber orchestra at Zion Lutheran Church in The Dalles. Admission is by donation at the door.

White Salmon Spring Fest

The White Salmon Spring Festival is **June 1 to 3** in Rhinegarten Park.

The committee has been working hard to plan a fun and entertaining weekend for community members. The parade is Saturday, June 2, at 11 a.m.: line-up starts at 9:30 a.m. at the Little League ball field behind Harvest Market Thriftway.

The Parade Grand Marshal this year is the organization "Home with Heroes." This is a non-profit organization committed to bringing veterans and active duty military together and into the outdoors, to honor and thank them for their service.

For Friday night entertainment from 8 to midnight is Kurt Van Meter and his band. For Saturday night entertainment from 8 p.m. to midnight, Live Wire will perform in the beer garden. The band, which formed in 2005, is the brainchild of bassist Terry Ryan.

Bassist Ryan and drummer Stan Baker make up a very formidable rhythm section. Female front person Deborah Fletcher delivers hard-driving vocal ranges that will captivate the audience.

Wasco County Historical Society Summer Program
